THE STAAR MASTER® DIFFERENCE

RIGOROUS DESIGN
STAAR MASTER®, the most rigorous STAAR® curriculum on the market today, carefully exceeds the level of difficulty of the STAAR® to ensure success.

STANDARDS ALIGNED
STAAR MASTER® materials are 100% aligned to the most recent TEKS to help teachers teach to the standards.

TODAY'S CLASSROOMS
STAAR MASTER® is developed for teachers, by teachers to produce materials relevant to the curriculum needs of today's students for each grade and subject.

TEACHER SUPPORT
STAAR MASTER® proudly supports teachers with resources to target students' personalized needs, including our Reference Guides for Differentiated Instruction.

TESTERS & RE-TESTERS
STAAR MASTER® materials utilize various approaches and presentations so all students, including first-time test takers and re-testers, can internalize and master the standards.

SCIENTIFIC APPROACH
STAAR MASTER® employs a modified version of Norman Webb's Depth of Knowledge model to ensure students demonstrate a deep mastery of the TEKS.

INTEGRATED LEARNING
STAAR MASTER® pioneered the Integrated Standards Preparation™ approach, which encompasses six stages: diagnose, teach, practice, evaluate, remediate, and reinforce.

PROVEN & TRUSTED
STAAR MASTER® is used in more than 400 school districts and by 300,000 students in Texas annually because our expertise and experience are unparalleled.

"I love your product. It is rigorous & relevant. I recommend this product for middle school. All of our math teachers use it—6th, 7th, & 8th! Thanks for quality work!"

Karen N., Middle school math chair from West Texas

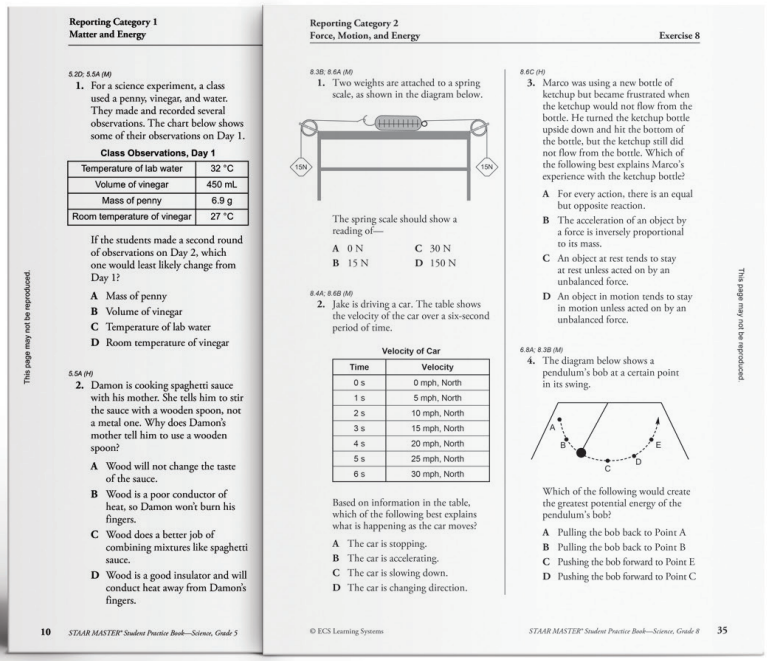
SCIENCE

STAAR MASTER® products align to and focus on tested TEKS.

The STAAR MASTER® product line for Science consists of Student Practice Books. The books in this product line provide easily relatable practice and review material to ensure STAAR® and TEKS readiness. Students apply what they've learned during Science instruction while also building test-taking confidence. The Student Practice Books also incorporate investigation and reasoning skills into grade-level appropriate content and items, including "griddable response" items (Grade 8).



Reporting Category 1
Matter and Energy

5.2D; 5.5A (M)
1. For a science experiment, a class used a penny, vinegar, and water. They made and recorded several observations. The chart below shows some of their observations on Day 1.

Class Observations, Day 1

Temperature of lab water	32 °C
Volume of vinegar	450 mL
Mass of penny	6.9 g
Room temperature of vinegar	27 °C

If the students made a second round of observations on Day 2, which one would least likely change from Day 1?

A Mass of penny
B Volume of vinegar
C Temperature of lab water
D Room temperature of vinegar

5.5A (H)
2. Damon is cooking spaghetti sauce with his mother. She tells him to stir the sauce with a wooden spoon, not a metal one. Why does Damon's mother tell him to use a wooden spoon?

A Wood will not change the taste of the sauce.
B Wood is a poor conductor of heat, so Damon won't burn his fingers.
C Wood does a better job of combining mixtures like spaghetti sauce.
D Wood is a good insulator and will conduct heat away from Damon's fingers.

6 s	30 mph, North

Based on information in the table, which of the following best explains what is happening as the car moves?

A The car is stopping.
B The car is accelerating.
C The car is slowing down.
D The car is changing direction.

8.6C (H)
3. Marco was using a new bottle of ketchup but became frustrated when the ketchup would not flow from the bottle. He turned the ketchup bottle upside down and hit the bottom of the bottle, but the ketchup still did not flow from the bottle. Which of the following best explains Marco's experience with the ketchup bottle?

A For every action, there is an equal but opposite reaction.
B The acceleration of an object by a force is inversely proportional to its mass.
C An object at rest tends to stay at rest unless acted on by an unbalanced force.
D An object in motion tends to stay in motion unless acted on by an unbalanced force.

6.8A; 8.3B (M)
4. The diagram below shows a pendulum's bob at a certain point in its swing.

Which of the following would create the greatest potential energy of the pendulum's bob?

A Pulling the bob back to Point A
B Pulling the bob back to Point B
C Pushing the bob forward to Point E
D Pushing the bob forward to Point C

SOCIAL STUDIES

STAAR MASTER® products are rigorous for students.

The STAAR MASTER® product line for Social Studies consists of Student Practice Books. The books in this product line provide practice and review material to ensure STAAR® and TEKS readiness. Due to the breadth of material covered, the items are divided into two books. Volume I covers Reporting Categories 1 & 2, and Volume II covers Reporting Categories 3 & 4. Students can easily focus on mastering all required skills and build test-taking confidence. Teachers can readily address all STAAR®-eligible TEKS, ensure depth of understanding, and provide repeated practice in a variety of contexts.

Las traducciones directas para estudiantes de habla hispana

Ofrecemos traducciones directas al español de nuestros productos en inglés. Esto permite que todos los estudiantes en salones que ofrecen programas de lenguaje dual permanezcan al corriente todo el tiempo. Educadores independientes de habla hispana proveen traducciones especializadas ya que utilizan su experiencia en el salón, además de que incorporan la terminología usada por la Agencia de Educación de Texas. Los productos STAAR MASTER® están disponibles en español para las materias de lectura, matemáticas y ciencias. Las guías para el maestro son gratuitas con la compra de cada producto en español y contienen los respectivos TEKS en español sugerencias de vocabulario en español, y una clave de respuestas en español, según sea necesario.

TEACHER GUIDES

STAAR MASTER® helps teachers prepare students for the STAAR®.

STAAR MASTER® Teacher Guides provide critical information and strategies for preparing students for the State of Texas Assessments of Academic Readiness (STAAR®). With these comprehensive resources, teachers have an overview of what is in each work text, a master list of all STAAR®-eligible standards and expectations addressed in the TEKS, and a detailed answer key.

FOR FREE RESOURCES ON STAAR MASTER® WEBSITE
STAARMASTER.ECSLEARN.COM/INDEX.PHP/TEACHER-REFERENCE-GUIDES/

STAAR MASTER® TEACHER GUIDES

- Vocabulary lists (as applicable)
- Instructional strategies
- Explanation of organization by reporting category and standard
- Explanations of rigor and complexity levels
- Suggested use in the classroom, remedial classes, summer school, and SSI (as applicable)
- Correlation charts (Reading)
- *One Teacher Guide is included per 30 copies of the work text.*
- *Teacher Guides are not for individual sale.*

REFERENCE GUIDES

- Look up standards to identify relevant page numbers in work texts
- Makes differentiated instruction easy
- Available for Student Practice Books and Companion Work Texts for all available grades and subjects
- Included with Teacher Guides and available for download on staarmaster.com
- Use with STAAR MASTER® Digital Reporting and Data Analytics to provide targeted TEKS instruction through STAAR MASTER® work texts.

DICTIONARIES/THESAURUSES

STAAR® DICTIONARY POLICY*

The Texas State Assessment Program has issued policies (Texas Education Agency, 2019) for dictionary use on the STAAR® (including STAAR Modified). Dictionaries must be available to all students taking:

- Reading assessments at Grades 3–8
- Writing assessments at Grades 4 and 7
- Spanish Reading assessments at Grades 3–5
- Spanish Writing assessment at Grade 4
- English I, II, and III Reading and Writing assessments

Although a thesaurus is not required, they are allowable on all of the assessments listed above, either in combination with a dictionary or as a separate resource.

THE FOLLOWING TYPES OF DICTIONARIES ARE ALLOWABLE ON THE STAAR®:

- Standard dictionaries in English or the most appropriate language
- Dictionary/thesaurus combinations
- Bilingual dictionaries*
- ESL dictionaries*
- Sign language dictionaries
- Picture dictionaries

**Bilingual and ESL dictionaries should be provided in accordance with individual student needs based on how much students use them in instruction and classroom testing.*

"This year I have seen an increase of 23 points... I was blessed to have one of the highest scores for growth for the District. I used the (Student Practice Book) in many ways: homework, assessments, observation, apps etc. Thank you for all you do. Keep up the great work. "
